BYU Contest Will Open Grid Season

Dratz Is Named Grizzly Captain for Cougar Mix In Provo

Montana's most spirited grid squad of recent years will open a tough nine game schedule tonight playing Brigham Young in Provo, Utah. The game marks the first meeting between the two teams on the football field.

Brigham Young, coached by Eddie Kimball, is expected to field a fast team with an experienced set of backs as its main threat.

Coach Doug Fessenden's Grizzlies will line up once more in the single wing formation but this year the quarterback will shift. This puts him in a position to take advantage of the new rule which allows a back to hand the ball forward from any point behind the scrimmage line.

Grizzly Lineup

Fessenden's starting lineup probably will be Jack Swarthout and Paul Kampfe, ends; Ken Drahos and Bill Keig, tackles; Jim Westwater and Ted Walters, guards; John Dratz, center. The backfield will be chosen from Ben Tyvand, Bill Leaphart, John Reagan, Karl Fiske, Bill Jones and Eso Naranche. Dratz has been named to captain the Grizzlies for the opening game.

The Cougars have seven veteran backs, all letter winners, returning to the fold. Three sophomores, one Coach Kimball's brother, also have looked good in practice. The lettermen are George Wing, George Jackson, Dean Gardner, Dee Chipman, Herman Longhurst, Mel Anderson and Pete Skousen. Sophomores pushing the veterans are Mark Weed, Grant Mulleneaux and Vaughn Kimball.

Triple Threat Offense

Montana will field a light, fast team. Spirit shown in early workouts is expected to make up the lack of weight. A vast improvement evident this season is the triple threat offense of the Grizzlies. John Reagan's passing, Bill Jones' kicking and Eso Naranche's line bucking are Montana's greatest scoring threats. Naranche is also an accurate place-kicker from 40 yards out and Reagan splits the bars regularly on the close ones.

The line will be hampered only by inexperience. Two giant veteran tackles, Tom Duffy and Gene Clawson, are lost to the squad for three weeks due to injuries. Two big fighting sophomores, Drahos and Keig, will fill the holes.

Rusher Discovers Wrong House

A Sigma Chi was returning Wednesday night to the SX house, accompanied by two or three prize rushees. Absent-mindedly he pulled up in front of the Sigma Nu house, opened the car door for the freshmen, and started up the walk.

Suddenly he looked up and realized where he was. "Where am I going?" he exclaimed, and shot back for his car dragging the rushees with him.

Game Captain

Johnnie "Dutch" Dratz, center, will captain the Grizzlies tonight in the season's opener against Brigham Young.

Spring Quarter Honor Roll Lists One Hundred Sixty-three Students

One hundred sixty-three students were included in the university spring quarter honor roll as compared with 166 a year ago. Seventeen won straight "A's" to head the list, with Mary Jardine, Missoula, lading the "brain trusters" with 60 grade points.

To be eligible for the honor roll a student must have either a minimum of 36 grade points with an index of two, or a minimum of 30 grade points with an index of two and one-half. No student is eligible if he has an "E" or an "F" on his current record.

Eleven New Instructors Replace Former Staff Members; Two Return

Schlueter, Turner Resume Work After Absence; Housman, Haydon, Teel, Richards Take Leave; Five Resign Positions

Eleven new faculty members and two former professors have been added to the university teaching staff, replacing those who have resigned or those on leave of absence, the president's office announced today. Dr. A. T. L. Turner, associate professor of economics, has returned after two years of work as associate economist analyst in the treasurer's department in Washington, D. C., and R. J. Schlueter, assistant professor of German, will resume teaching after studying for a year at the University of Wisconsin.

Chief Grizzly Urges Students To Attend Show

Arrangements have been completed which make possible the attendance of all university students at the premier showing of "Tom Harmon of Michigan" when it is released for the first time in the Northwest at the Wilma theater at midnight tonight, Chief Grizzly Scotty McLeod, Hardin, said today.

Since the proceeds of this show will substitute for the two-dollar contributions which have been asked for the past two years, we hope every student will take this opportunity to help the school and at the same time, see a fine picture, McLeod said.

The film, which features Michigan's 1940 All-American halfback, Tom Harmon, is being sponsored by the athletic association and depicts American collegiate life with emphasis on Harmon's own experiences and gridiron ability while playing for the Wolverines.

Late permission has been granted women by Dean Mary Elrod Ferguson with the provision that the athletic department furnish transportation. Busses will call at North and New halls and will go around the campus to pick up any women living near who desire rides. Transportation tickets may be obtained from Mrs. Belle Turner and Mrs. Rossi Schweitzer at the residence halls. Tickets provide for the return ride also.

"No Men" Rule Stumps Freshman

The first day of school a tall, good-looking freshman was asked to deliver a message to a woman student at North hall. He first went to the office in North hall and asked the girl's room number. Then he started up the stairs, completely oblivious of the "no men on second" rule. He was almost on second when someone grabbed him from behind, turned him around, and marched him downstairs, informing him that men were not allowed anywhere in North hall except the parlor. He's still surprised and hurt.

NOTICE

Freshmen will meet at the foot of Mount Sentinel at 1 o'clock tomorrow afternoon to paint the "M".

Leslie Aaron Fiedler of Wisconsin has been selected to replace Dennis Murphy, assistant professor of English, who resigned to take an associate professorship in Missouri. Fiedler, who is a member of Phi Beta Kappa, national scholarship fraternity, graduated in English from New York university. He has received the Renator Crisi medal for excellence in Italian.

Karns Replaces Haydon

Ad Karns, Ohio, will replace Larrae Haydon, director of dramatics at the university for the past three years. Haydon has taken a leave of absence for three quarters to direct recreational work in the Seventh Corps area, U. S. Army. Karns is a graduate of Antioch college in Yellow Springs, Ohio. After graduation in 1939, he spent a year at the Yale School of Drama.

C. E. Harper, who joins the School of Journalism faculty, succeeding Dr. R. L. Housman, on leave of absence for a year, is a newspaper owner and publisher. He earned his B.A. degree at Baylor university in 1929 and his M.A. degree at Louisiana State university in 1939. His work at Missouri university for a Ph.D. degree will be finished sometime this year. Dr. Housman will be visiting associate professor of journalism at the University of Missouri.

Betty Clague On Staff

Betty Clague has been appointed assistant professor of physical education to take over the duties of Miss Ellen Jane Potter, who has resigned her position as instructor. Miss Clague was granted the M.A. degree by Columbia university in 1931 and did further work there during 1936. She has been assistant professor of physical education at the University of Georgia during the past four years.

Following the resignation of Caroline Griffith, Corbin hall director and assistant director of residence halls, Eleanor MacArthur was appointed assistant director of residence halls. She will continue her duties as North and New hall director. Catherine McKeel, formerly South hall director, will become Corbin hall director. Dorothy Markus, who served as South hall director in 1939-40 during the leave of absence of a member of the staff will return for the coming year.

Dorothy May Peterson, who graduated from the university in 1941, will become acquisitions librarian, beginning September 1. Miss Peterson fills the vacancy caused by the resignation of Gladys Johnson, who was seriously injured in an automobile accident

fund. Students cooperated remarkably well and close to \$1800 was raised each of the past few years.

But this year instead of the old outright contribution the board has asked the student body to help by attending a football picture Friday night. Tickets are a fourth of the price of the old contribution.

The Grizzlies get in the big time this year by beginning to include more of the Pacific Coast conference teams in the schedule than ever before. Eventually a majority of the games will be against major opponents which means that the team should be strengthened as much as possible. Our present athletic deficit, in spite of the Rose Bowl and larger gate receipts, hinders that effort.

Either the university should go the limits to improve the team or else we should drop out of the conference altogether. There should be no half-way measures about it, and most of us do not want to see us drop out.

Already a considerable amount has been collected in the downtown drive and since it is really our team it is no more than right to expect the students to contribute a little more than that appropriated from the activity fee.

So let's buy a ticket and help us to keep in the conference.

Church Groups Plan Frosh Party

Members of 10 student church groups will welcome freshmen at the second annual Interchurch fall party at 8 o'clock Thursday night in the Gold room of the Student Union.

Social games, folk dances and a

program will furnish entertainment. The party is primarily for new students, who will receive individual invitations, but upper-class students are welcome.

Rev. Harvey F. Baty, university pastor, is supervising arrangements for the affair.

Mary Clark, '41, is employed by the Daniels County Leader, Scobey.

Registration Shows Material Increase

Registration in the high school division of the State Correspondence school has shown a material increase over last year, Rex Haight, director, said yesterday.

Enrollment since July 1 now totals 226 with six incapacitated students, 49 isolated and 171 general enrollees who take special courses they are unable to obtain in their local high schools.

The service division, now going into its third year, is financed by a special appropriation of the 1940 Montana legislature.

INDIAN RELICS ARE DONATED

Valuable and interesting Indian relics have been given to the university by the estate of Chancy E. Woodworth, prominent Montana pioneer. The articles of clothing, war implements and other items in the collection will be placed in the museum in the Journalism building.

Dr. Harry Turney-High, professor of anthropology, has examined the collections to determine their ethnological and museum values.

Further study may increase the ethnological value, he told Acting President C. W. Leaphart, to whom the collection was presented.

Van Duser Will Manage Union Building

Cyrile Van Duser, '27, former journalism teacher at Havre high school, is the new manager of the Student Union building. Miss Van Duser succeeds Grace Johnson, who returned to Madison, Wis., to continue her education.

Ray Ryan, Big Timber, advanced to head bookkeeper this fall, as Francis Clapp was inducted into the army. Taking over the assistant bookkeeping position is Catherine McLaughlin. Miss McLaughlin attended the university and Kinman Business college and has been bookkeeper at the University of Idaho.

Ann Reese is cashier and stenographer for the building.

Campus Roads Are Improved

Improvements on the campus were made this summer by the maintenance department in conjunction with the state highway department and the city, when the road around the oval and Maurice avenue to University were reoled, according to T. G. Swearingen, maintenance engineer.

Although rain prohibited the painting of buildings, the lawn along the side of the natural science building was extended, curbing was put in near the tennis courts, and a walk was built to the courts, and a walk was built to the Law building from New hall.

Pole Is Erected On Dornblaser Football Field

An 89-foot flagpole, a gift of the Spokane Athletic Roundtable, was erected at the north end of Dornblaser field last June. The business men who comprise the organization have made a practice of giving funds and supplies to Northwestern college athletic departments.

The new pole will eliminate the practice of shooting bombs which contain flags.

Pan-American Course Offered

The department of modern languages will offer for the first time this quarter a new course in Pan-American studies. It includes training in the Spanish language, Spanish-American history, literature, civilization and art, American history and government, economics, and American and English literature.

Because of increasing interest in inter-American relations and the many positions open to persons able to speak Spanish, the new course will have both an educational and vocational objective, according to B. E. Thomas, professor of Spanish.

A growing demand for interpre-

ters and translators in commerce, radio, motion pictures, journalism and publishing has created vocational opportunities. A knowledge of the Spanish language makes available periodicals, radio broadcasts, tourist travel and literature from South America for use in the course.

Complete dramas, staged and produced at an average cost of \$10, are being developed by Wellesley college students.

New System Of Grading Decided Upon

The introduction this quarter of a new system of grading in such music courses as band, orchestra and chorus has been decided upon for the benefit of those students who wish to maintain their grade index, John B. Crowder, dean of the music school, announced yesterday.

In the past a student with a high grade index hesitated before registering in these courses because of what seemed a hit or miss method of grading, Crowder said.

The grading this year will depend upon the effort of the individual. Going on the premise that the student would have to have some degree of talent to get into the organization, Crowder stressed that grading would be based entirely upon attendance and attitude.

Anyone with no unexcused absences will receive an A. Two unexcused absences will rate a B, and a grade for more than two such absences will be based upon the instructor's discretion.

Forestry School Curriculum Is Lengthened

The forestry school curriculum has been lengthened and upperclassmen now have their choice of a four-year undergraduate course with a summer quarter added, or a five-year undergraduate course covering five academic years, the forestry school office announced Tuesday.

The increasing complexity of the forester's work has made it necessary that the curriculum be lengthened to introduce to him, while still in college, all subjects essential to his future success as a professional forester.

All except one of the accredited forestry schools have long since had a required summer camp or a summer session. Some require not only the summer camp or session, but also five years. To give the student an option and for trial purposes in education, Montana undergraduates will, at present, be allowed the option of either curriculum, Dean Spaulding said.

All underclassmen must decide which curriculum they wish to follow by the end of their sophomore year, as those deciding on the four-year and summer session course must take three courses during the summer between their sophomore and junior years. These three courses are prerequisites to junior forestry work.

GRADUATES VISIT UNIVERSITY

Mr. and Mrs. Mel Lord, graduates of the university in '25 and '26, respectively, visited the journalism building Tuesday morning. Mrs. Lord was formerly Myrtle Shaw.

Lord is now publicity director of the California Board of Equalization and Mrs. Lord is feature editor of the Sacramento Union. Jill Hershey, a niece of Mrs. Lord, is enrolled in the School of Journalism this fall.

University Alum Writes Stories For Magazine

Dorothy Marie Johnson, '28, formerly of Whitefish and now a resident of New York, has had a series of four short stories accepted for publication by the Saturday Evening Post, one of the highest paying magazines in the world. First of the stories is expected to be printed in a subsequent issue this fall.

Miss Johnson was an English major during her attendance at the university and studied creative writing under Dr. Harold G. Merriam.

The first article published by the novice writer was a short piece, "Fruit Tramps," in the Frontier magazine. Since the printing of this article, Miss Johnson has received encouragement from the Curtis Publishing company to write stories with a similar background. The recent series deals with the same type of subject matter.

Miss Johnson was awarded the Annie Lewis Joyce memorial prize for journalists in 1927.

John Kirwin, 6-foot, 6-inch, 230-pound freshman at Ohio State university, wears size 20 shoes that are 16 inches long.

Student Survey Indicates Air Force Is Preferred Over Army, Navy

Austin, Texas—Nearly half the nation's college men would join the air force in preference to the army and navy, if they had to enter the armed forces, the Student Opinion Surveys of America found this week in its weekly sampling of the college campuses of the nation.

Less than one-sixth of the male students polled, however, say they would leave school and join the armed forces should the U. S. have to send an army to aid Britain.

The Surveys found the following results, excluding the 6 per cent who held no opinion in answer to the question, "If you had to enter the armed forces, would you prefer the army, the air service or navy?"

Air Service	48%
Navy	27
Army	25

The Far West, where 57 per cent favored the air service, and the West Central, where 55 per cent preferred flying, were the strongest supporters of that branch of the service. The Middle Atlantic section was least enthusiastic over aviation, with only 39 per cent, still a larger vote than either the army or navy received there.

Airplanes have come into such prominence in the present war, and Britain has so repeatedly pointed out the great significance of that mode of warfare during recent months, that United States War Department officials have stressed flying in colleges. Addition of C. A. A. courses in many colleges and universities during the last two years certainly has had some influence on the ranking of flying as a big favorite over army and navy units.

The division of students in answer to the question, "If we should have to send an army to aid Britain, would you leave school and join the armed forces, or would you wait until you were called?" was as follows, by percentages:

Would leave school	16%
Would wait	84

(Five per cent were undecided.)

The GRIZZLY PARADE

• By J. ROY ELMS

Down Salt Lake way on the University of Utah campus, Clark Lobb gleefully wrote last spring of Montana and Idaho playing in the Pacific Coast conference. Lobb writing in the Utah Chronicle, student publication, leaped upon Idaho just after the Vandals had signed Francis Schmidt, former Ohio State mentor, as coach. In his column "Off the Cobb by Clark Lobb," the Utah journalist wrote to the effect that Idaho was small potatoes playing around with the big spuds. I don't know if Lobb is still attending school at Utah but I suppose he is following the gridiron this season. At any rate I hope so for Montana and Idaho, Coast conference orphans for the past few years, both have scheduled Big Seven opponents for their opponents for their opening games this season, Idaho will play that same Utah of the Big Seven. The Grizzlies, of course, tangle with Brigham Young. The significance of it all is I think Lobb or anyone else who thinks the Grizzlies and the Vandals are below par will see the orphans trip a pair of Big Seven teams.

Montana is a definite favorite to beat the Cougars. Even if the Grizzlies accomplish the deed easily little noise will be made over the game. Brigham Young wallowed in the Big Seven cellar last year and the returning squad this fall has been hit hard by the draft.

Over in Moscow things have a much different flavor. Utah is favored by a huge margin. Salt Lake City sports writers in writing of the Redskins have looked right past the Vandals and wrote only of the Colorado and Denver in their pre-season yarns of the Utes. All Salt Lake City takes a victory over Idaho for granted.

Setup for Upset

Everything is set for an upset. The Vandals are fired up with their new coach. So is all Moscow. In the intra-squad game last spring more fans turned out than at any of the intercollegiate games of the Vandals last fall. Utah, with its host of veterans is overconfident.

I think the Vandals will turn the tables and serve an upset to the defending champions of the Big Seven.

Utah Jinx

Montana's Grizzlies have a small jinx to overcome in their Brigham Young game. The Grizzlies have never beaten a Utah team in its home state. The Cougar-Grizzly meeting is the first between the two teams but the Grizzlies tangled pretty regularly with Utah and Utah State from 1910 to 1920. In fact Montana and Utah teams were bitter foes. The Grizzlies turned in triumphs on Montana's home lot but never in Utah. However, this is the year Montana will break several jinxes so the little Utah one will do well for a beginner.

Fessenden Signs "Wild Bill"

"Wild Bill Kelly," new Grizzly mascot named after one of Montana's greatest football players, and Coach Doug Fessenden plan a winning season as the two meet for the first time.

Wild Bill Kelly Takes Over Mascot Job

A long and venerable line of Fessies has been broken by Wild Bill Kelly. Wild Bill is the new mascot of the Grizzlies, who play Brigham Young in Provo, Utah, tonight.

Teel Leaves

Harriet N. Ledger will be an instructor in the School of Music, taking over the duties of Professor Stanley M. Teel, who will be on leave of absence during the year, serving as state supervisor of music in the Montana State Department of Public Instruction.

Dr. Daniel Posin will replace C. Rulon Jeppeson, who resigned to take a position at the Western Regional Research Laboratory in Albany, California. Dr. Posin received his B.A. degree from the University of California in 1932, the M.A. in 1934, and the Ph. D. in 1935. For the past year he served as dean of the College of Science at the University of Panama.

Dr. Bert Sappenfield will be an instructor in the psychology department, taking the classes of F. O. Smith who died this summer. Dr. Sappenfield received the B.A. degree from DePauw university in 1935, the M.A. and Ph.D. degrees from New York university in 1938 and 1941.

Waldon Succeeds Richards

Dr. Curtis Waldon will serve as assistant professor of pharmacy, teaching classes of Leon W. Richards, who has been granted a year's leave of absence to take a position as director of the department of pharmacy at Howard college, Birmingham, Alabama. Dr. Waldon took both his undergraduate and graduate work at the University of Minnesota, receiving the B.S. degree in 1935, M.S. in 1937, and Ph.D. in 1941. During the past two years he has been employed in the research bureau of plant industry, U. S. Department of Agriculture.

Instead of naming the little black bear Fessy IV, or Greg Rice as had been suggested, the football men decided to honor Bill Kelly, one of Montana's greatest football players. Kelly played in 1924-26 and captained the team in '26.

Little Wild Bill is a black bear, six months old, weighing in at 65 pounds. He is being trained and coached by Fritz Krieger, Park City, handler of Fessy III, last year's mascot. His residence has not been made known due to fear of kidnapping.

Wild Bill's background is truly western, for he was found wandering along the road, accompanied by a twin brother, near the Indian reservation in the Flathead valley. The Indians who found the cubs first thought they would kill them, then decided to give them to O. H. Coats, proprietor of a tourist camp at Jocko.

Coats gave one cub to a Grizzly gasoline station in Great Falls, and offered the other to the Grizzly football team.

At the end of the season, Wild Bill will probably be sent to a wild animal zoo in Red Lodge.

CAA Quota Is Raised To Seventy

A revised quota in the Civilian Pilot Training program this year allows for 40 students in the primary course, an increase of 10 over last year, and 30 in the secondary course, Dr. A. S. Merrill, local coordinator of the program, announced yesterday. In spite of the increase, however, he urged all students interested to contact him at once in 304 Craig hall, since more than 50 applications have already been received.

Prerequisites for CAA, subject to governmental change, remain basically the same this year—for the

primary, one year of college completed satisfactorily plus a physical examination; for the secondary, two years of college credit completed by the end of this quarter and an even more rigid physical examination.

Two Will Be in Gym

For the convenience of those who have questions concerning the actual flying courses, two flight instructors will be in the men's gymnasium during registration today and tomorrow.

Students who passed the primary course during the summer are Gaspard Deschamps, Missoula; Roy Elmgren, Missoula; William Hallam, Fort Missoula; Derwin Jeffries, Chadron; Fritz Krieger, Park City; William Lence, Fort Missoula; Horace McGee, Fort Missoula; Stanley Morris, Fort Missoula; Elwood Nelson, Missoula; Raymond

Parker, Missoula; Ambrose Phelan, Missoula; James Robertson, Harlowton; Edward Smith, Butte; Sverre Thorsrud, Missoula, and Donald Tilzey, Missoula.

Those who successfully completed the secondary course during the summer are Allan Angerson, Cut Bank; Francis Birmingham, Butte; Larry Frawley, Missoula; Robert Hage, Missoula; James Harrington, Butte; Lester Kares, Missoula; Charles Leaphart, Missoula; Robert Ottman, Missoula; George Petrie, Kremlin; Jack Rimel, Missoula; Philip Leeds, Arthur Orr,

GUSTAVE L. FISHER, concert violinist, formerly 1st violinist Chicago symphony orchestra and director of music, State University. Progressive violin instruction. Terms moderate. 312 East Pine—phone 4771.
